

Agriculture Audit Manager

Are you a passionate agricultural leader with a drive for quality and continuous improvement?

We're looking for an enthusiastic **Agriculture Audit Manager** to lead a team of Assessors and play a key role in ensuring high standards across Agricultural Assurance Schemes. You'll be at the forefront of assessments on farms, covering Arable, Produce, and Livestock sectors, ensuring compliance with documented procedures. A key part of your role will be actively mentoring and training Assessors, ensuring their ongoing development and performance.

If you're a driven leader with a passion for agriculture and quality, this is your chance to make a real impact!

Principal accountabilities will include, but are not limited to:

- End to end management of Assessors, managing the full process from recruitment and onboarding to final sign-off.
- Providing support and guidance to assessors as their first point of contact
- Conduct witness audits during onboarding and routine witness programme
- Facilitate shadow audits, during onboarding and regular performance monitoring, ensuring top-tier standards.
- Take charge of conducting thorough assessments based on client-specific standards
- Deliver precise, comprehensive assessment reports within customer agreed timelines, meeting scheme and procedural requirements.
- Stay ahead of industry trends, regulations, and developments, ensuring your team is always in the know.
- Be ready to take on short-notice audits in diverse areas, showcasing your flexibility and expertise.
- Tackle special project work and other audit tasks, driving continuous improvement in Audit Delivery.
- Achieve a utilization target of 50% fee earning work each month

QUALIFICATIONS:

- Hands-on farm experience, and knowledge within a diverse range of farm enterprises
- Exceptional communication skills, with the ability to engage confidently and patiently with both farmers and colleagues, ensuring clarity and understanding
- A highly enthusiastic and energetic individual, driven by a keen eye for detail and a strong passion for improving industry standards

- Proven ability to manage conflict and navigate challenging situations with professionalism and calm
- Strong time management skills, with the ability to plan, organize, and meet deadlines efficiently
- Competent in general IT skills, with the ability to adapt to various software tools
- Travel is required to sites that are accessible by car, so a full UK driving license is required
- NVQ Level 3 in an agricultural-related subject is preferred, though not essential.
- Lead Assessor course certification and Level 3 HACCP are preferred, but not essential.
- Previous auditing or training experience is a plus, though not a requirement.
- Management experience is advantageous, but not mandatory.
