

NOW HIRING

# Dairy Farm Graduate / Trainee

📍 Wreay, Carlisle, Cumbria   🏠 On-site · 3-bedroom house provided   ⌚ Full-time, Permanent

## ● About Us

We're a progressive, technology-driven dairy farm in the heart of Cumbria. We rear all our own replacements, giving you exposure to the full lifecycle of dairy farming — from calf to cow. This is a hands-on role where cutting-edge robotics meets traditional Cumbrian farming.

LELY A5 ROBOTS

350+

HOLSTEIN COWS

£30k

STARTING SALARY

3-Bed

HOUSE INCLUDED

## ● The Role

We're looking for a motivated trainee or graduate to join our team and develop into a skilled dairy professional. You'll work across all areas of the operation, building a strong foundation for a long-term career in modern dairy farming.

### ROBOTIC SYSTEMS

Daily operation, monitoring, and maintenance of Lely A5 milking robots and collector robots.

### COW MANAGEMENT

Health monitoring, fertility management, and general herd welfare for 350+ Holsteins.

### YOUNG STOCK REARING

Calf care, feeding, and heifer monitoring and support through to calving.

### GENERAL FARM TASKS

Day-to-day farm operations supporting the wider team across all areas of the business.

## ● Training & Progression

We'll invest in your development with fully funded training and certification programmes:

Artificial Insemination

Veterinary Needle / Injections

Foot Trimming

Lely Engineer Robot Setup

## ● What We're Looking For

---

### EDUCATION

- Degree, HND, or HNC in a relevant field — particularly Biological Sciences or Engineering

### ESSENTIAL

- Clean UK driving licence
- Genuine interest in dairy farming and animal welfare
- Willingness to learn and work diligently

### NICE TO HAVE (NOT ESSENTIAL)

- Previous farm or agricultural experience
- Animal handling experience

## ● What We Offer

---

### £30,000 Salary

Reviewed quarterly

### On-site Accommodation

3-bedroom house provided

### Work Phone

Provided for farm use

### Structured Training

Fully funded certifications

### Industry-Leading Technology

Hands-on experience with Lely A5 robotic milking systems

## ● How to Apply

---

- 1 Send your CV and a brief cover letter to the contact details below.
- 2 Successful applicants will be invited for an interview at the farm.
- 3 Final stage includes a trial shift on the farm and meeting the team.
