

COMPANY: DUNBIA

REPORTING TO: Site Operations Manager

CONTRACT TYPE: Permanent Full Time

JOB TITLE: Graduate (Production and Operations)

At Dunbia no two days will be the same. If you're looking for a business which challenges, you to think outside the box then this graduate programme is for you. We're offering you an opportunity, through our graduate programme, to ensure you thrive in your chosen field and gain invaluable on-the-job experience.

As a Production and Operations Graduate working in a fast-paced environment, you will be part of a dedicated, driven and supportive team. As your skills and knowledge develop over time, you will get involved in all aspects of Production and Operations within the business and your responsibility will increase.

Our working environment is like no other. With strong family and entrepreneurial values at the heart of our corporate culture. We make an effort to hold social events which we feel is an important part of building strong working relationships with colleagues ultimately leading to better communication between employees.

The Role:

As part of the Operations team you will gain a wide range of operations, production and business experience skills through continuous on the job development with coaching and mentoring. Your role will see you tackle a wide range of business challenges in a busy Operations environment, some of your responsibilities will include:

- Providing analysis of production efficiency
- Line Speed & Efficiencies
- Retail intake
- Meeting a number of KPIs
- Primary Carcass Breakdown & yields
- Retail planning

Our Brighter Futures Programme

Our training and development schemes are unmatched, and not only will you be learning from fully trained and passionate individuals, but you will also receive:

- Dedicated mentor
- Direct access to senior leaders
- Opportunities to undertake assignments, secondments and innovative project work across the business
- Investment in blue chip residential offsite training
