

We are Hiring!

Leythorne Nursery, Vinnetrow Road, Chichester, West Sussex, PO20 1QB

We are Recruiting for Graduate Trainee Grower Chichester

The Summer Berry Company has grown from decades of experience, innovation and a passion for growing exceptional berries for the UK's supermarkets. Our farms in the UK and Portugal are great places to work and we need great people to work with us.

Job Title: Graduate Trainee Grower - Glasshouse
Responsible To: Head of Growing
Pay £25,000

The Summer Berry Company offers an exceptional Graduate Training programme providing highly motivated candidates an opportunity to join our Company as a permanent full time employee. Our comprehensive, one year development programme will build your knowledge, technical skills, commercial ability, operational understanding and self-confidence. Successful completion of the programme will lead to a role as a Grower within our market leading Production Team.

This one year programme will be based in our Glasshouse where the Graduate trainee will be mentored by our Senior Management who are Specialists within their own field and will support the trainee to learn the business and gain a complete knowledge base before taking on their permanent role with the Company. We are looking for a graduate who is keen to embrace the opportunity for a very rewarding long-term career at The Summer Berry Company.

If you have an agricultural based degree or equivalent qualification, excellent communication skills, willingness and a motivation to learn with a 'can-do' attitude and an enthusiasm and passion for the fruit growing industry, then we would love to hear from you.

To apply:

If this sounds like a role you can fulfil and add value to, please submit a current CV, anna.pope@summerberry.co.uk. A full job description is available on request.
