

ROYAL AGRICULTURAL UNIVERSITY – STUDENT/GRADUATE JOB VACANCY

To enable placements/vacancies to be advertised correctly please complete the following:

Name of Employer:	Not able to be disclosed
Vacancy Type:	Casual
Full-time/Part time :	Part time: Hours flexible but 10-15 hours a week would be the minimum
Start date:	ASAP
Background:	The company is developing a new arable farming application in conjunction with a major UK farmer (A Non Disclosure Agreement will need to be signed)
The Role:	The work requires compiling data (some research will be required) and mapping imported data records to values that can be understood by a machine using an existing system. There is some data entry but this will be minimised as far as possible, to prevent it becoming boring.
Degree:	Agricultural knowledge required
Permanent/temporary:	Temporary
Location:	N/A – the work can be done from any location
Personal requirements:	The role will be best suited to someone with an interest in the more technical aspects of crops, fertilisers, pesticides and adjuvants. Experience of web based software applications would be beneficial. The applicant requires their own computer.
Other requirements:	Must have the permanent right to work in the U.K
Salary/Package:	Depending on experience - to be agreed with the applicant.
How to apply:	Please email a CV stating the number of hours that you have available each week.
Contact Name and Position:	Mark Parry
Email Address:	m_parry@icloud.com
Telephone Number:	0203 384 2352
Closing Date for applications:	N/A – open until position filled

The Royal Agricultural University makes no representation with regard to the advertised position referred to above. Students should make all reasonable enquiries to satisfy themselves as to the safety and suitability of the advertised post. Whilst the University makes all reasonable attempts to ensure that the details referred to are correct it accepts no liability of whatever kind as a consequence of any information that may be out of date or incorrect.
