

We are Hiring!

Leythorne Nursery, Vinnetrow Road, Chichester, West Sussex, PO20 1QB

We are Recruiting for Graduate Trainee (Fresh Produce)

The Summer Berry Company has grown from decades of experience, innovation and a passion for growing exceptional berries for the UK's supermarkets. Our farms in the UK and Portugal are great places to work and we need great people to work with us.

Job Title: Graduate Trainee (Fresh Produce)
Responsible To: Head of Growing
Pay £25,000

The job

This is a fantastic opportunity for a recent graduate to enrol on a comprehensive training programme where you will learn and develop with the business.

As Graduate Trainee, you will join the business on a 1-year training programme before being offered a permanent position in line with your interests and strengths.

Throughout the programme you will rotate through a number of roles including growing high-quality crops (glasshouse or field), harvest team coordination, husbandry team coordination, quality assessment & management, irrigation & nutrition and also tunnel management & climate control.

Your experience

Ideal candidates will come from horticultural, agricultural, food production, business management or engineering related background, however the most important attributes are enthusiasm and drive. This role would suit an individual who is looking for their first full time food industry job with a passion for fresh produce. To succeed, you will enjoy a fast-paced environment, have a team approach and possess good communication skills. A driving licence will be beneficial.

To apply:

If this sounds like a role you can fulfil and add value to, please submit a current CV, anna.pope@summerberry.co.uk
