

**Croft Farms is a well-equipped Agri-business in North Yorkshire, with enterprises including; an arable farming business across 3,500 acres, a grain store with 20,000t capacity and a Christmas tree operation, encompassing both wholesale and retail. Croft Farms believes in looking after its staff with good rates of pay and the opportunity to be part of a friendly high-quality team. We are looking to recruit for the following positions:**

### **Harvest arable operatives**

Required to carry operations on a large arable and Christmas tree farm with a commercial grain store during harvest from July to September 2021.

### **Main duties and responsibilities**

- Operation and maintenance of farm machinery. This will include harvest, cultivations and drilling. More specifically, this will involve a lot of trailer driving but candidates will need to drive a broom and shovel occasionally too. There will be at least two people on cultivations most of the time.
- The successful candidates will be working with a team of seven full time people.
- Overtime is essential, though not continuously.
- The peak period is from late July to mid September though there will be more work available for some depending on availability.

### **Person Specification**

- Prior experience in arable operations is essential.
- Honest, hardworking and with a keen eye for detail.
- A full UK or equivalent driving licence is critical.
- Telehandler certificate and car trailer (B+E) licence would be an advantage.
- Some experience with GPS systems would also be an advantage.
- Temporary accommodation will be made available if the right people do not live within a sensible commuting distance of Croft on Tees.
