

TALENT TO TEACH

Talent to Teach FE is an opportunity for second year, final year undergraduate and postgraduate students to take part in paid placements, which will give an understanding of working and teaching in Further Education.

Further Education (FE) is a diverse and passionate sector with exciting and wide-ranging teaching opportunities available in colleges and Independent Training Providers, who offer an extensive variety of academic and vocational programmes.

In addition to providing excellent teaching opportunities, FE also offers opportunities for career progression into a wide range of management and specialist positions. Why not explore your options?

We want to encourage students from all academic disciplines to apply, so if you have never considered teaching or working in FE, but are interested in how you could make a difference to the lives of others, this placement is perfect for you!

Placements are funded by the Education and Training Foundation and are open to UK students in their second year or final year, or those who are studying for a postgraduate qualification at an English university.

When you haven't experienced going to an FE college, you don't realise how much there is to it. It was a really insightful programme and I recommend it to anyone who is even vaguely interested or curious about FE."

Harry, History and Politics, University of Hull, T2TFE Graduate

TALENT TO TEACH

THE PLACEMENT

- We will match you with an appropriate college/training provider.
- Your placement will be 40 hours long and tailored to your availability; placements are run on a term by term basis.
- Your placement will include a variety of activities including an induction to the college/provider, teaching observation, lesson planning, and so much more, giving you a real flavour of working in the sector.
- The college or training provider will provide a mentor to support you throughout your placement.

I began my PGCE course in September at the same college I did my Talent to Teach in FE placement at. I will qualify in May! Thank you for your programme as I never would have considered teaching as a career. I absolutely loved it."

Susan, MSc Counter terrorism, University of Central Lancashire, T2TFE Graduate

THE BENEFITS

- An opportunity to identify and develop the skills and knowledge you will need to pursue a career in FE, in a supportive environment.
- It will increase your employability skills, and enhance your CV.
- It is a paid placement for which you will earn £300 for 40 hours.
- It will provide valuable work experience and networking opportunities.
- You will receive a real introduction to a vast, diverse and exciting sector, which will allow you to explore a new potential career choice.
