

Service Engineer Technician

Placement Role

Working in one of our owned dealerships, the successful candidate will have the opportunity to work alongside experienced agricultural Service Engineers, both in the workshop and on customer premises.

Main Duties

- Assisting the Service Engineers in the workshop to repair agricultural machinery
- Support the Service Engineers on customer visits to repair and maintain machinery
- Provide a professional image and service to all of our customers

Essential Skills & Knowledge

- A valid, current UK Driving licence
- Knowledge of current agricultural machinery, or working towards a related engineering degree
- Excellent communicator with good organisational skills
- A keen interest in engineering

CLAAS

CLAAS is a family business founded in 1913 and is one of the world's leading manufacturers of agricultural engineering equipment.

CLAAS UK is responsible for the distribution and supply of all CLAAS machinery, parts and aftersales support in England, Scotland, Wales and Ireland.

Placement Details

Based at a CLAAS branch dealer location in England.

This Placement will be for a 12-15 month period, commencing July 2022. You will be required to work a minimum of 37.5 hours per week, according to the business requirements.

In return we offer a competitive salary, holiday entitlement and training.

To Apply

Send a CV and covering letter to CUKplacements@claas.com

or contact Kerry Peck, Apprenticeship and Placement Coordinator on 01284 777649
