

Travelling to Australia - Covid19 information

From 21st February, all visa holders are allowed to travel to Australia as long as they have fully vaccinated:

Fully vaccinated for international travel purposes

You are considered to be fully vaccinated for the purposes of international travel to or from Australia if you have completed a primary course of a vaccine approved or recognised by the Therapeutic Goods Administration (TGA). This includes mixed doses. Current approved or recognised vaccines and dosages accepted for travel are:

- Two doses at least 14 days apart of:
 - AstraZeneca Vaxzevria
 - AstraZeneca Covishield
 - Pfizer/Biontech Comirnaty
 - Moderna Spikevax or Takeda
 - Sinovac Coronavac
 - Bharat Biotech Covaxin
 - Sinopharm BBIBP-CorV (for people under 60 years of age on arrival in Australia)
 - Gamaleya Research Institute Sputnik V
 - Novavax/Bioelect Nuvaxovid.
- Or one dose of:
 - Johnson & Johnson/ Janssen-Cilag COVID Vaccine.
- As the properties and farms of Main Camp Natural Extracts are all located in the state of **New South Wales**, the current COVID test and isolation requirements here are:

Fully vaccinated passengers arriving from overseas

All international passengers travelling to Australia must comply with [Australian Government entry requirements](#) .

Upon arrival into NSW, passengers who are fully vaccinated must:

- 1 **Go straight to your home or accommodation**
- 2 **Take a COVID-19 rapid antigen test**
- 3 **Self-isolate until you get a negative test result**
- 4 **You must not visit high-risk places for at least 7 days after arrival. A negative rapid antigen test in the 24 hours prior to visiting the facility is strongly recommended.**
