

Company
Job Title
Graduate Soil Scientist
Wallingford, Oxfordshire

## **The Company**

Tim O'Hare Associates is a leading soil science and landscape engineering consultancy. The practice offers technical expertise and practical advice in: • Soil Survey and Site Investigation • Soil Handling and Management Strategies • Soil Testing Services • Design and Specification Technical Support • Site Inspections and Monitoring Services.

## **The Position – Graduate Soil Scientist**

We are offering a full-time position for an individual to join our team at our head office in Wallingford, Oxfordshire. Comprehensive in-house training will be provided, and the opportunity to develop specialist skills relating to practical soil science for landscaping, habitat creation, topsoil manufacture, sports pitch agronomy and drainage design.

Typical responsibilities would include, but not be limited to:

- Site Work soil sampling, soil survey and site inspections/monitoring
- Soil Testing selecting and commissioning soil tests with relevant laboratories, processing samples to send to laboratories and receiving incoming test results
- Reporting writing and issuing interpretative reports
- Support assisting senior consultants with the planning, organisation and site work for soil surveys and site monitoring visits
- Client Liaison telephone and email enquiries

## Requirements

- BSc or MSc (or equivalent) in a relevant discipline (e.g. soil science, environmental science, ecology, agricultural science, horticultural science, geography, engineering)
- Self-starter, team player with strong inter-personal skills and proactive character
- Good written and oral communication skills
- Competent with standard IT software (Microsoft Office, Adobe)
- Full clean driving licence

## **Advantageous**

- Member of a professional association
- Relevant work experience
- Use of AutoCAD
- Knowledge of relevant legislation, technical guidance and codes of practice
- CSCS card

**Salary and Benefits** Remuneration will be tailored to the individual, but will include a competitive salary, career progression through in-house training, membership of the company's pension scheme, mobile phone with personal usage, payment of a professional subscription.

**Further Information** For more information about our practice please look at our website <a href="www.toha.co.uk">www.toha.co.uk</a> and if you require any further information about the position please contact our Office Manager, Sharon Frost <a href="mailto:Sharon.frost@toha.co.uk">Sharon.frost@toha.co.uk</a>.
