

WhiteAvon Consultancy is now recruiting for 2 new consultants.

www.fcgagric.com

WhiteAvon Consultancy is part of *The Farm Consultancy Group* with offices in Wiltshire and Gloucestershire, working with a growing number of agricultural businesses across the South and West, South Wales and West and East Midlands.

We are a dynamic team of eight consultants covering a comprehensive range of specialisms from technical farm advice, business management, stewardship, compliance and health & safety.

Continuing the training and development of all our staff is of primary importance through our unrivalled Farm Consultancy Group training programme.

Due to recent growth in our business, we are now recruiting for two graduates or recently qualified consultants to join our team in the following roles:

Trainee Rural Development Consultant

Initially supporting the team in our fast growing Rural Compliance division covering health and safety, farm assurance, cross compliance and stewardship management, this role will develop into other specialisms to include: general farm business and budgeting, soil nutrient advice, countryside stewardship, environmental land management, sustainable farming incentive, natural capital planning justifications and grant projects.

Dairy Business Consultant

This is an exciting role where the successful candidate will assist with our growing base of dairy clients working with our business management team alongside nutritional support.

We are looking for someone with a passion for dairy farming and a keen eye for figures and detail. A full training programme will be offered including experience in all aspects of business and practical farm management.

Both these roles offer an attractive graduate salary depending on experience

33 days holiday including Bank Holidays

Ongoing training and mentoring

If you have the energy and enthusiasm to join our team and develop your expertise and consultancy skills, please respond with your current CV and a covering email to:
