

PART-TIME WEEKEND FARM WORKER

Wiltshire / Gloucestershire

Headline

Ceres Rural are recruiting, on behalf of a farming client, for a **Part-time Weekend Farm Worker** to work regularly roughly **8 hours** or **16 hours** in total, either **1 weekend in 2** OR **1 weekend in 4**.

The role can be **flexible** in terms of total hours, weekend days (Sat/Sun) and times of year worked. We believe this role may be of interest for someone looking for some extra regular income around other commitments they already have, either **seasonally** or **all year round**.

A variety of jobs can be available on the mixed livestock and arable farm, including **milking cows, feeding calves/cows** and **operating farm equipment / machinery**.

Previous experience is welcomed but not essential. More importantly, we are looking for an independent individual who is a good communicator and has a willingness to learn. Training provided as required.

The Farm

The mixed farm operates Organic **dairy, beef** and **arable** enterprises, as well as **integrated Agri-environment schemes** complementary to food production and wildlife. The dairy herd also produces milk under a **PWAB** system, i.e. no antibiotic use.

Located on the **Wiltshire / Gloucestershire border**, it is a family farm under new management consultancy from **Ceres Rural** and this provides an excellent opportunity for someone to join a **progressive farming team** with **staff wellbeing** at the forefront of future strategy.

Employment Package

- ✓ Regular part-time weekend work, all year round or seasonal
- ✓ Competitive hourly rate aligned with relief farm work rates
- ✓ Training provided as necessary
- ✓ Amenable location

No accommodation is available with the role.

Please contact **John Price** for further information.
