

We are looking to add an Agricultural Management Consultant to our growing team on a full-time permanent basis.

The successful applicant will be passionate about delivering professional management services. You will utilise your experience to provide independent, evidence-based advice and support to clients to help them develop their farm businesses. You will be joining an energetic and supportive team.

About us

Wilson Wraight is a well established, highly regarded leading provider of agricultural, environmental, and planning consultancy services. Based in Bury St Edmunds and led by five Partners, our range of high-quality and efficient management services aim to support land-based businesses for decades to come. We are committed to creating an environment that enables our team to continuously develop, succeed and thrive.

Job Title:	Agricultural Management Consultant
Location:	Bury St. Edmunds, Suffolk
Contract Type:	Full-time, Permanent
Salary:	Reflective of Experience

Benefits:

- Structured career development and opportunities for career progression
- Investment in your ongoing training
- Staff incentives and rewards scheme
- Health Scheme
- Flexible Working
- Above industry standard Pension investment

This role covers many areas of responsibility, including but not limited to the following:

- Providing management and strategic advice to an established, diverse range of Estates and Farming clients throughout the East and Southeast of England
- Identifying diversification projects
- Developing your own portfolio through the newly created Future Farming Resilience Fund
- Utilising some of the most progressive tools in the industry to dig deeper into your clients opportunities
- Preparing financial evidence on which to base your advice
- Researching and advising on rural grant funding and subsidy schemes
- Benchmarking business performance and provision of associate advice
- Liaising with professional, industry stakeholders

The successful applicant requires the following:

- Desire to provide high quality advice to farmers and landowners
- Skilled in maintaining and developing relationships
- The ability to function both as a strong team player and a focused individual
- Excellent analytical and numerical abilities
- Great communication skills both written and oral
- An aptitude for problem solving
- Good working knowledge of Microsoft Excel
- An ability to learn, understand, and apply new technologies

Please apply in the strictest confidence with CV and cover letter to sdoogan@wilsonwraight.co.uk
