Finance, Infrastructure & Commercial Services (FICS)

Sustainability Team

This full-time, permanent role is available in Sustainability.

This role offers the opportunity for hybrid working – some time on campus and some from home.

We welcome applications from candidates interested in working compressed hours.

Summary of the role

An exciting opportunity has arisen to join the growing Sustainability Team and help shape the sustainability performance of a world-class institution, which has the aim of being a leader on the environment and climate crisis.

The Sustainability Data Analyst identifies, collects and analyses sustainability datasets, including scope 1, 2 and 3 greenhouse gas emissions, along with other environmental metrics, including water consumption and biodiversity impact metrics. The role will support with the management and utilisation of complex environmental data and the development of data visualisation and reporting tools to meet the needs of key stakeholders throughout the university and beyond.

The University of Exeter

We are a member of the prestigious Russell Group of research-intensive universities and in the top 200 universities in the world (Times Higher Education World University Rankings 2024 and QS World University Ranking 2024). We combine world-class teaching with world-class research, achieving a Gold rating in the Teaching Excellence Framework Award 2023, underpinned by Gold ratings for Student Experience and Student Outcomes.

We encourage proactive engagement with industry, business and community partners to enhance the impact of research and education and improve the employability of our students. Read about our world leading research – Green Futures – and how we are transforming education for a changing world. We are located in a beautiful part of the country and Exeter (a fast growing tech hub) is one of only a few UK cities to have been designated as a UNESCO Creative City.

Our Equality, Diversity and Inclusion Commitment

We are committed to ensuring reasonable adjustments are available for interviews and workplaces.

Whilst all applicants will be judged on merit alone, we particularly welcome applications from groups currently underrepresented within our working community.

With over 30,000 students and 7,000 staff from 150 different countries we offer a diverse and engaging environment where our diversity is celebrated and valued as a major strength. We are committed to creating an inclusive culture where all members of our community are supported to thrive; where diverse voices are heard through our engagement with evidence-based charter frameworks for gender (Athena SWAN and Project Juno for Physics), race equality (Race Equality Charter Mark), LGBTQ+ inclusion (Stonewall Diversity Champion) and as a Disability Confident employer.

We are proud signatories of the Armed Forces Covenant and welcome applications from service people.

Benefits

We offer some fantastic benefits including:

- 39 days' leave
- options for flexible working
- onsite gyms and a cycle to work scheme
- sector leading policies around maternity, adoption and shared parental leave (up to 26wks full pay), paternity leave (up to 6wks full pay) and a Fertility Treatment Policy
- stunning campus environments in Exeter and Cornwall, in the beautiful South West of England
