

What we do

Velcourt is a UK-based farming company with global reach and experience. We provide a bespoke, client-led service to tenant and landed farmers, private owners of country estates and institutional investors, delivered by dedicated farming professionals. Velcourt values farming methods which are responsible, sustainable and environmentally sensitive.

Seasonal Harvest Jobs

Each summer we recruit for over 50 harvest roles on some of the top arable farms in the country.

We're looking for hardworking students or experienced farm workers to join us for:

- Combine harvester operation
- Corn carting and general tractor work
- Cultivations
- Drilling and crop establishment
- Grain dryer operations

We offer well-paid employment, hands-on experience and most of our farms provide on-site accommodation. Harvest hours are long and are rewarded with good overtime rates.

Full driving licence required. Tractor driving/harvest experience preferable.

Harvest tends to run from July to September, with some cultivation roles continuing into October.

For successful candidates looking to follow a career in farm management with Velcourt, working in a harvest role on a Velcourt farm is the first step into the [Management Training Scheme](#).

How to Apply for Harvest Jobs

From December 2024, search [Harvest Vacancy adverts](#) on the [Velcourt](#) website.

Apply directly to the Farm Manager as stated in the advert.

Farm Management Careers

If you are looking for a career in Farm Management (arable or dairy) after graduation, talk to us about our Trainee Farm Manager opportunities and our internal [Management Training Scheme](#).
