Summer Internship 2025

Job Description

Our summer placements are for a period of eight to 12 weeks, during which, you will have the opportunity to work within one of our sectors.

Our opportunities span a range of different sectors and are based within a variety of different teams, so as you can imagine, each role varies. If you're invited to an interview, this is when we will discuss in more detail the specifics of the job role you applied for and what it involves.

You'll be working with graduates, experienced professionals, and other students so an internship with us is the perfect opportunity to learn from a variety of people while understanding our values and culture. It's also a great chance to get involved with real projects while gaining relevant experience.

We do not have a formal structure for our internships so you can really make the role your own. The more you get involved and the more questions you ask, the more you will gain from your experience with us.

During one of the first stages of the application process, you can browse the opportunities available based on the degree discipline/s, the sector, and location. If you're invited to an interview, this is when we will discuss in more detail the specifics of the job role you applied for and what it involves.

Candidate Specification

To join us for a summer placement you must currently be at university and have the following characteristics:

- A methodical approach to problem solving
- The ability to use your initiative to undertake tasks efficiently and independently.
- Excellent verbal communication skills, which allow you to confidently liaise with clients and team members.
- Excellent written communication and attention to detail.

About our summer placements

We're looking for highly motivated students who are passionate about learning from our industry experts. You'll be given the opportunity to gain invaluable experience working on some of the exciting projects that are helping to shape tomorrow's world.

We understand that to put your learning into practice it's important that you're given an accurate insight into our innovative industry. With enough work placement experience under your belt you can get just that. Think of it as a worthwhile investment towards your future career.

We place a lot of emphasis on giving you a realistic view of our world, so you can decide if it's the industry you want to work in.

Many of the employees that we recruit for our graduate schemes are students that have made an impression during their placements with us, so remember, this could be the start of a promising career for you with Mott MacDonald.

We are a living wage employer so we offer a great hourly rate for your placement with us.

Our social side

Being part of Mott MacDonald means more than just work, there's a huge range of fun and exciting things that you can get involved in. From the moment you join us, you'll have the opportunity to expand your social and professional network, whether it's meeting other placement students and graduates or joining forces with other members of staff from around the company at our annual sports day. Each of our offices have a sports and social committee which will give you the chance to be part of a variety of sports, social and charity events. We're committed to promoting a strong culture of social responsibility and encourage our staff to play active roles in the local community.

It's worth noting that sports and social committees tend to vary from office to office, so as well as getting involved in what's already on offer, don't be afraid to suggest new events or initiatives that you think could be a great addition.

It doesn't stop there. As well as events, you'll also have access to discounts on cinema tickets, travel, fashion, utilities and much more as part of our company benefits which you can take advantage of the moment you join.

Equality, diversity and inclusion

We put equality, diversity and inclusion at the heart of our business, seeking to promote fair employment procedures and practices to ensure equal opportunities for all. We encourage individual expression in our workplace and are committed to creating an inclusive environment where everyone feels they have the opportunity to contribute.

Agile working

At Mott MacDonald, we believe it makes business sense for you and your manager to choose how you can work most effectively to meet your client, team and personal commitments. We embrace agility, flexibility and trust.

More about Mott MacDonald

We're a global engineering, management and development consultancy. Our purpose is to improve society by considering social outcomes in everything we do, relentlessly focusing on excellence and digital innovation, transforming our clients' businesses, our communities and employee opportunities.

A fundamental part of this is respecting each person's differences and striving to meet their needs.

Our values: progress, respect, integrity, drive, excellence

About Mott MacDonald

We're a global engineering, management and development consultancy focused on guiding our clients through many of the planet's most intricate challenges. Being employee-owned allows us to choose the work taken on and focus on the issues that are important.

Independent in thought and action, we advise what is genuinely right for our clients, our staff, and communities – not what is easy. We want to do a great job for everyone involved, while offering excellent opportunities for placement students.

Our engineers, project and programme managers take leading roles on some of the world's highest profile projects, turning obstacles into elegant, sustainable solutions. By challenging norms and unlocking creativity, we deliver long-lasting economic, environmental and social outcomes for societies around the globe. Yet design and management are just the tip of a deep iceberg. Our global team is comprised of internationally recognised environmentalists, planners, economists, project finance advisors, cost consultants, business strategists and more.

Whatever your career goals are, you can be confident that Mott MacDonald we will help you meet your ambitions and beyond.

Across our many offices in the UK and Ireland, we offer two types of placement programme: summer placement (8-12 weeks) and industrial placement (6-12 months). Our opportunities span a range of different sectors and are based within a variety of different teams, so as you can imagine, each role varies. If you're invited to an interview, this is when we will discuss in more detail the specifics of the job role you applied for and what it involves.

You'll be working with graduates, experienced professionals, and other students so a placement with us is the perfect opportunity to learn from a variety of people while understanding our values and culture. It's also a great chance to get involved with real projects while gaining relevant experience.

Our 2024 opportunities open for applications in September. Check our early careers webpage for updates and to apply: [UK and Ireland early careers - Mott MacDonald](#)
